## Final reminder: avoid reactivation fees

Dear

On **07/05/2023**, your services with Combell will be renewed. Unfortunately, we still have not received (full) payment for invoice **230305339**. Therefore, we can no longer guarantee the continuity of your services.

### Avoid reactivation fees

**Please make the payment within 5 days** (or provide us with proof of payment) **to ensure that your services are not disabled**.

Having your services disabled may result in the permanent loss of your domain name and/or your data (such as e-mails, backups, website, etc.). If you want to renew them afterwards, a reactivation fee will be charged anyway.

### What services are we talking about?

- Webhosting Business (spanosthomas.site)
- Domeinnaam .market (spanos.market)
- Domeinnaam .site (spanosthomas.site)

Best regards

**Combelle Administration**
